

REMARKS

Applicants gratefully acknowledge receipt of the Notice of Allowance dated June 26, 2008, allowing claims 1-5.

Applicants note that claim 36, which depends from claim 1, is not shown as allowed. During telephone conferences (including one on September 17, 2008), Examiner Nguyen indicated that she will issue a supplemental notice to indicate that claim 36 is also allowed.

This paper presents amendments under 37 C.F.R. § 1.312 to the specification to conform the Title to the claims allowed in this application. According to MPEP § 714.16, the examiner has authority to enter amendments submitted after Notice of Allowance of an application which embody merely the correction of formal matters in the specification or drawing, or formal matters in a claim without changing the scope thereof, or the cancellation of claims from the application, without forwarding to the supervisory patent examiner for approval. Because the amendments presented in this paper include only corrections of formal matters in the specification, the examiner is authorized under MPEP § 714.16 to make the amendments presented herein.

No new matter is added by these amendments.

Applicants respectfully request that these amendments be entered in accordance with 37 C.F.R. § 1.312 under the Examiner's authority as specified in MPEP § 714.16.

Should any additional fees be required, please charge Deposit Account No. 09-0460.

The attorney of record invites the Examiner to contact her at (310) 553-7973 if the Examiner believes such contact would advance the prosecution of the case.
